## Multilevel & Tactical Switch

Tiablo A60G includes two switches, Multilevel Switch and a Tactical forward switch.

**Multilevel switch** is a three-stage output, **High 100% - Low 10% - High 100% Strobe 12Hz**

Press on the tail cap until click sound. Within 5 seconds press again to change from High, to Low, and again to High Strobe.

**Tactical forward switch:** High 100%. Press softly on the tail cap button for momentary on. Press down until click to lock in on position.

## AG Series Extras

Your Tiablo A60G is part of our AG Series, with Extras made for a perfect fit in appearance and performance.

Consider adding Tiablo AG Series filters, remote switch, and our custom made 57 mm Anti-Spill.

Ask your local authorized Tiablo dealer for additional information on genuine Tiablo AG Series Extras.

## Service

*The power of a star in your hand...*

Tiablo will replace your flashlight, within 30 days of purchase, if a failure is caused by a manufacturing defect. Replacement will be with same or similar model if discontinued. Proof of purchase from an authorized dealer, or distributor, with the serial number is required.

Tiablo will repair, exchange parts, or replace your flashlight within 12 months of the purchase date, should a failure occur from normal use. If a problem develops outside of the warranty coverage, Tiablo will repair, supply parts, or replace for a fee, plus shipping cost.

Contact Tiablo, or your local distributor for details.
